

Sitemap Overview

A clear, shallow hierarchy with a focused megamenu for the four program pillars, a persistent pickup CTA, and dedicated B2B and shop funnels. This structure balances discoverability (SEO) with conversion (pickups, donations, shop, CSR leads).

Toplevel Navigation (primary menu)

Menu Item	URL slug	Purpose

Megamenu: Our Initiatives (structure & subpages)

Column / Group	Sublink	URL slug
Operations	Waste Management	/initiatives/waste-management
Education	Environmental Education (NEP 2020)	/initiatives/education
Livelihoods	EmpowHer (Upcycling Academy)	/initiatives/empowher
Corporate	CSR Partnerships	/initiatives/csr-partnerships

Behavior: Hover on desktop shows 4 tiles with short descriptions + CTA; tap on mobile expands into accordion.

Secondary & Utility Links (header, footer, and micronav)

- **Header:** Sticky **Request a Pickup** button (right), Donate highlight button (accent color).
- **Footer columns:** About; Initiatives; Shop; B2B (Zero Waste Certification / CSR); Get Involved; Legal & Compliance (12A/80G, privacy).
- **Micronav / utility:** Login (if needed for orders), Language toggle (English / Kannada), Newsletter signup.

UX & SEO Navigation Rules (implementation notes)

- **URL structure:** Short, keywordrich slugs (use hyphens). Keep depth ≤ 3 levels.
- **Breadcrumbs:** Home > Section > Subsection for all interior pages. Implement JSONLD BreadcrumbList.
- **CTAs:** Primary CTAs (Request a Pickup, Donate, Shop) appear in header, hero, and as sticky mobile actions.
- **Sitemap XML:** Include `<loc>`, `<lastmod>`, `<changefreq>`, `<priority>`; set priority 1.0 for Home, 0.9 for Initiatives/Shop, 0.7 for Resources.
- **Internal linking:** Every initiative page links to Request a Pickup, CSR Deck download, and EmpowHer shop. Use contextual anchor text with keywords (e.g., “textile waste management Bengaluru”).
- **Mobile:** Collapse megamenu into hamburger; keep primary CTAs visible as a bottom sticky bar on mobile.
- **Analytics & tracking:** Tag CTAs and form submissions for conversion funnels (pickup → pickup-confirmation → pickup-completed).

Quick, personalized recommendations

- **Make “Request a Pickup” the single most prominent conversion path** (sticky header + mobile bottom bar).
- **Use the megamenu to surface the four pillars** with one-line impact metrics (e.g., “EmpowHer — 13 livelihoods created”) to drive clicks.
- **Add a “Corporate” micronav** under the header for quick CSR access (Zero Waste Certification, CSR Deck, Contact).

About Reclaim Era — Mission, Story & Team

Meta description

Learn how Reclaim Era began, our dual-impact model, and the team turning textile waste into education and livelihoods in Bengaluru.

Hero

- **H1: OUR STORY**
- **H2:** From local collection drives to a dedicated Kogilu hub — turning waste into resources for education and livelihoods.
- **Hero image alt text:** Founder and Kogilu hub team in front of the processing center

Section: Origin & Mission

Reclaim Era began to solve two urgent problems: overflowing textile waste in Bengaluru and underfunded education for children. We built a local processing hub in Kogilu to collect, sort, and transform discarded textiles into direct relief and revenue for schools.

Section: Dual Impact Model (three columns)

- **Revive:** Sanitize and donate wearable items to BPL families and transit communities.
- **EmpowHer:** Train women in tailoring and digital skills to create dignified livelihoods.
- **Recycle & Rise:** Divert unusable fabrics to industrial recycling and upcycle heavy fabrics into premium products that fund education.

Section: Timeline & Milestones

Founding date; hub launch; items diverted; schools reached; livelihoods created. (Use numeric counters and short captions.)

Section: Team & Board

Implementation notes for CMS

- **H tags:** Use H1 for hero H1, H2 for hero subhead, H3 for section titles, H4 for subheads.
 - **Image guidance:** Use full-bleed hero images (1600–2400px wide), compress to WebP, lazy-load below the fold. Provide the **image alt text** exactly as written above.
 - **Buttons & CTAs:** Primary action color = solid green; secondary = outlined white on hero; highlight Donate button in header.
 - **Megamenu:** Put **Our Initiatives** as a dropdown with the four pillar links. Keep **Request a Pickup** as a sticky CTA in the header.
 - **SEO:** Add structured data (Organization + Product + BreadcrumbList) and product schema for shop items. Use the provided meta titles and descriptions.
 - **Localization:** Add bilingual snippets (English + Kannada) for hero and zero-waste compliance pages.
-
